LEARNING CONTRACT FOR PLCY 293: PUBLIC POLICY INTERNSHIP

PLCY 293 Description and Requirements (for further detail refer to the PLCY 293 syllabus)

This course offers students an opportunity to reflect upon and enhance their internship experiences. With the completion of assignments in parallel with an external internship, public policy students receive a total of 3 hours of academic credit. The external internship must be designed to allow the student to do policy-relevant research, policy analysis, program evaluation, and/or policy advocacy under the supervision of a mentor at a nonprofit, nongovernmental, or governmental organization (students will *not* receive credit for any partisan or campaign-based internship, regardless of their duties). Please note that although PLCY 293 counts as an Experiential Education course in UNC's General Education Requirements, PLCY 293 does not count as a field elective toward the PLCY major or minor.

Requirements for the course are to:

- complete a minimum of 112 hours of work experience at your internship site, including 96 hours of non-clerical work (e.g., 8 hours/week for 14 weeks). **Note: failure to document 112 hours of work experience will result in a failing grade in the course.**
- develop and carry out a plan of work that will contribute to your academic and professional development
- complete a variety of written and oral reflections on your internship experience
- develop a portfolio of materials that reflects your achievements during your internship experience

This completed learning contract must be turned into UNC Public Policy no later than the first day of your internship or the last day of course registration for the term in which you intend to enroll in PLCY 293, whichever comes first.
